**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner and I support broadband competition. With competition I was able to choose the best option, including phone service for my business at considerable savings and, I believe, better service.

Affordable broadband is essential to my business - virtually all of our software is internet based now. Without broadband we would be hard pressed to run the business efficiently. Having broadband in conjunction with cloud based software has allowed us to expand in a way that wouldn't have been possible otherwise.

Thanks for your time.
